➤ **Can excessive unexcused absences affect the student's grade?**

Yes. For each unexcused absence in a course beyond the allotted days, students will lose credit for any assessments conducted that day. The student is responsible for any information that was missed on those days, even though credit will not be awarded. Future assignments and assessments may require the student's knowledge of this material.

## ➤ What is the Grading Policy?

Course grade is determined as follows:

- 60% Summative Assessments - Major tests, research reports and/or projects, minimum (2) each marking period.
- 40% Developmental Assessments - daily and short term assignments, quizzes, and quiz equivalents - (Homework will be checked, not for accuracy. Homework shall account for no more than 10% of a student's grade calculation).

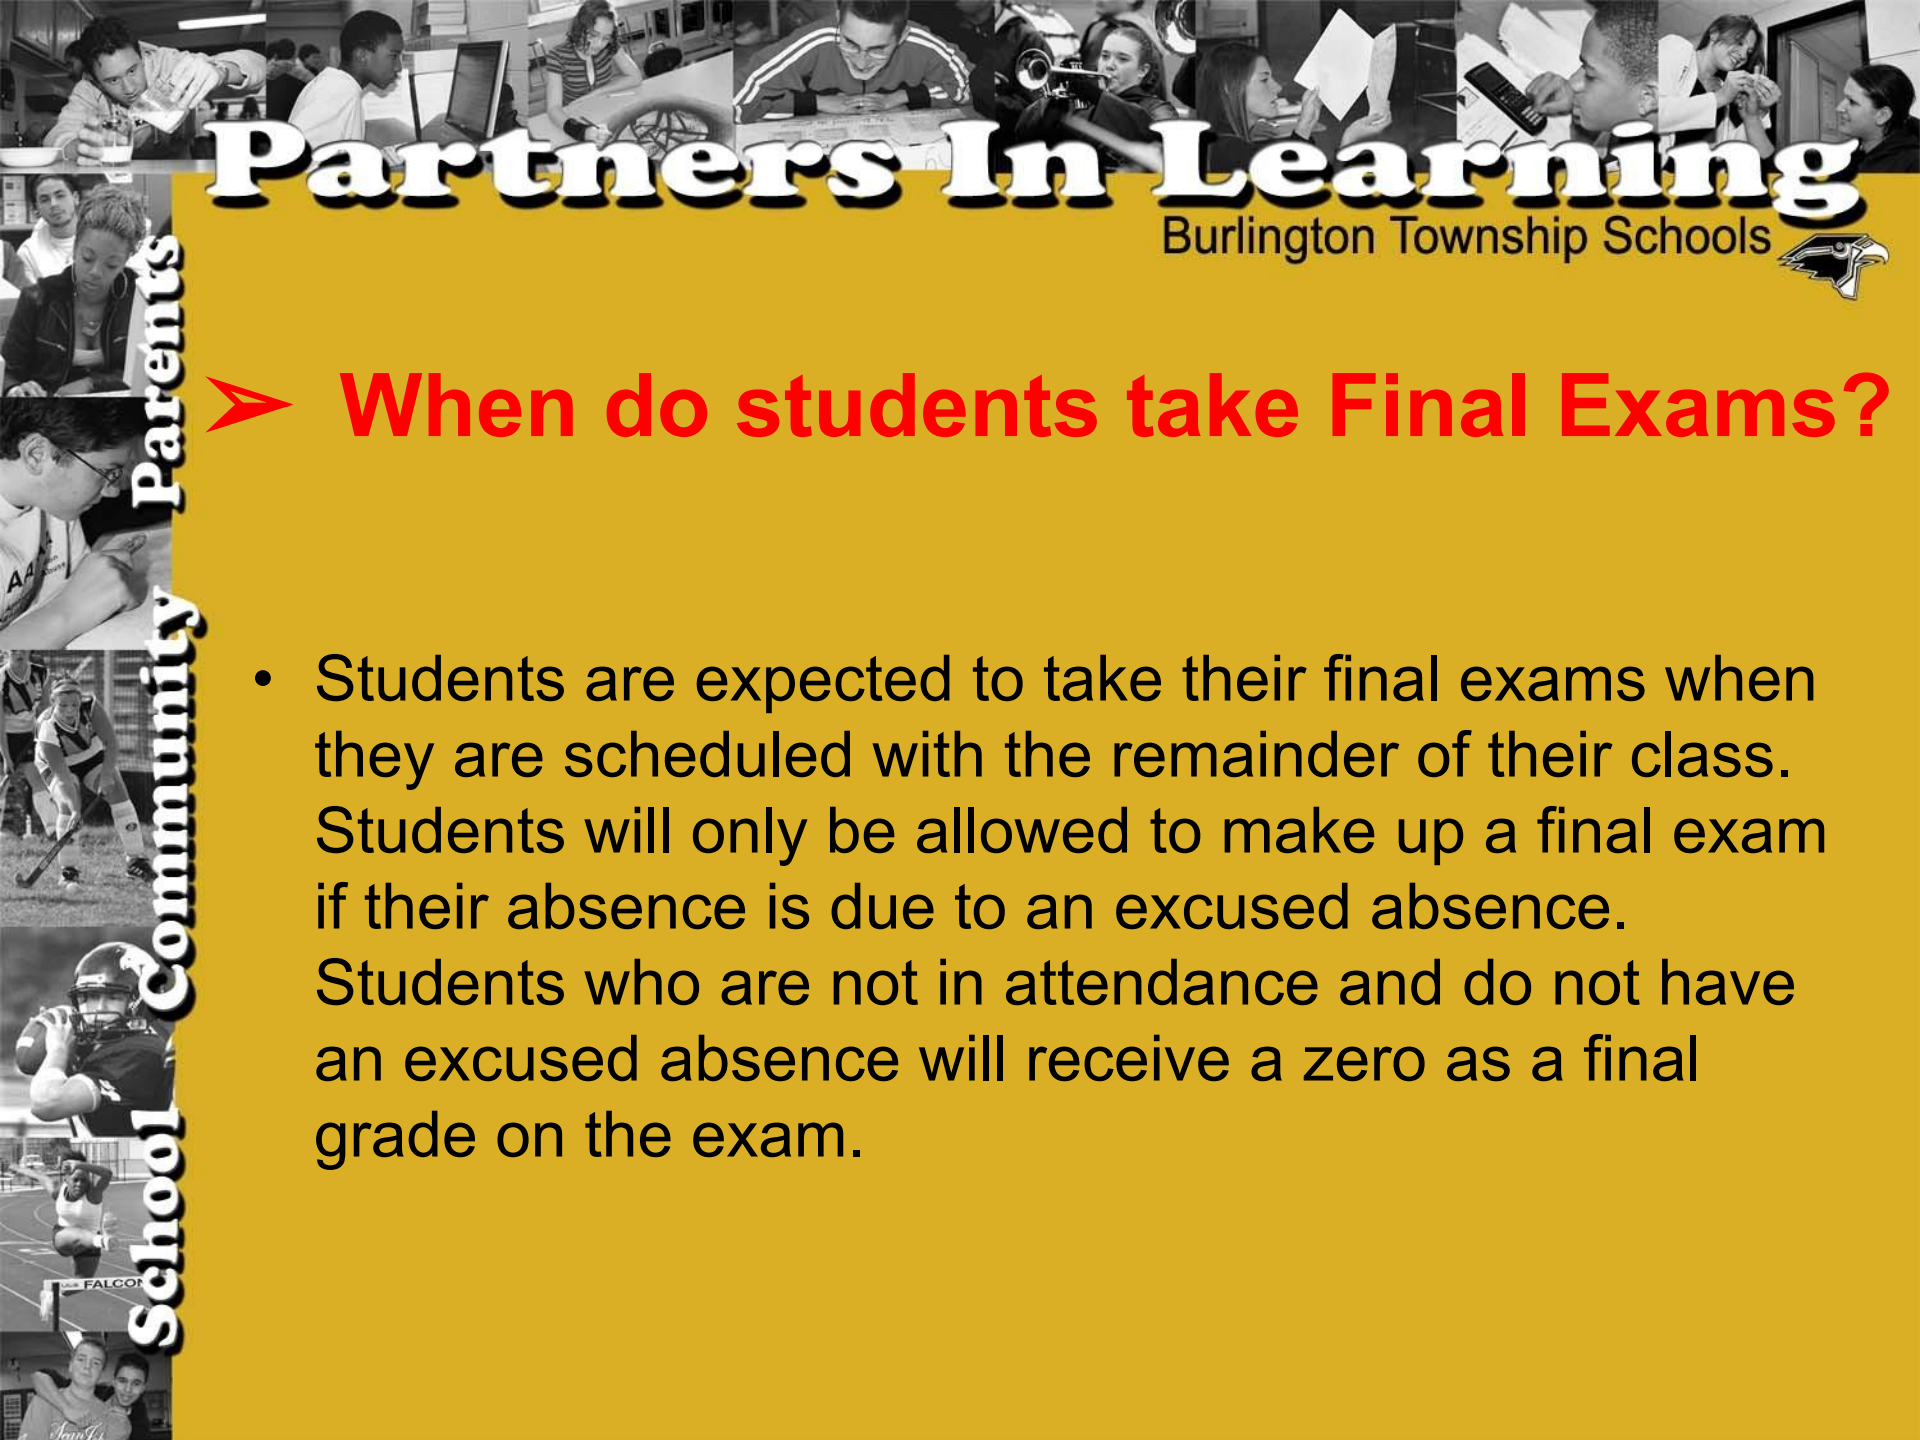

When calculating the final grade for a course:

- 80% - The marking period grade(s) will constitute 80% of the final grade.
  - 20% - Final examinations will be given in all subjects and constitute 20% of the final grade. Exams will evaluate major concepts that have been developed throughout the course.

## ➤ Where do I drop off or pick up my student from school?

Drop-off/Pick-up for ALL high school students will ONLY be permitted in the Main Building Loop. Please pull all the way up and pull over to the curb before allowing your student to exit the vehicle. Students who are dropped off after 7:20 should report to the building where their class is located. It is strongly recommended that you have your child utilize school busing if eligible or leave ample time in the morning for drop-off due to heavy traffic. Traffic is no excuse for arriving late and students/parents are expected to plan accordingly. Please do not drop your student off before 7:05 AM. Any student not in his/her block one class by the start of the school day must receive a late pass before going to class. Discipline points and consequences are assigned for students arriving late to school.
