## Middle School is still “Going Green!”

February 2012

Yes, you have seen a similar request from us before. In an effort to help our environment and – at the same time – cut down on costs, we started a “**Go Green**” program here at the Middle School last year. We are continuing this program for the 2011-12 school year. However, we still have many families that have not signed up to “Go Green.” We are counting on the support and assistance from our wonderful, dedicated, and conscientious parents, guardians, and families. We would like to provide as many letters and other important communications as possible to you through our electronic system. Our vision is to create a “paper- free” environment. We want our students to understand the importance of conservation and economy.

### **WE NEED YOUR HELP TO MAKE THIS WORK!**

**Please follow the instructions below so that we can add you to our “Go Green” List.**

We thank you in advance for your participation in this meaningful and worthwhile initiative – and so does our planet!

***(Please detach and return by February 29, 2012)***

*Note: In order to make sure our information is accurate, we need everyone to fill this out – even if you completed it earlier this year.)*
